# Panel LED 60x60

**Panel LED - 36W 60x60**

High-quality, high-brightness LED, with high efficiency and energy saving, free of glare and flickering, and with an average luminous surface. Aluminum heat sink base and no glare

# TECHNICAL CHARACTERISTICS

## > FEATURES

- > Using high-quality, high-brightness LEDs as the lighting source, with high efficiency and energy savings, free of glare and flickering, and with an average luminous surface.
- > Aluminum heat sink base and no glare.
- > The average lifespan is more than 50 thousand hours, more than 10 times that of traditional lamps.
- > Adopting lampshade materials with more than 90% light transmittance and high thermal conductivity aluminum alloy as lamp shell.
- > Wide input voltage range: AC200-240V.
- > New high efficiency constant current driver.
- > Instant start, no flicker, no hum.
- > Special circuit design, light in all four directions, redistributed more efficiently and evenly.
- > No electrical waves, CE compliant.
- > Green environmental protection, lead-free material, ROHS compliant.
- > No RF interference.
- > Reduced maintenance costs, can be used for a long time without replacing.

# TECHNICAL CHARACTERISTICS

- > Housing: Aluminum
- > Power: 36w
- > IP: IP41
- > CRI: 80
- > Power Supply: 200-240V AC
- > IK: IK05
- > OPENING ANGLE: 90°
- > CERTIFICATES: CE-RoSH
- > POWER FACTOR: >0.95
- > Operating temperature: -20°C ~ +50°C
- > Operating temperature: 2900-4000K-5700K
- > Lifespan: 50,000
